

Becoming a member

Becoming a member at Springfield Club for Young People

56 years of success

Since Springfield began in 1961, we estimate to have had over 12,000 children and young people come through our doors

What's the secret of this success?

Without doubt it is ordinary guys & girls doing extraordinary things to ensure the next generation have as many opportunities to succeed.

Every day of every week, somewhere there is a member of Springfield working hard to put something back into his local community.

So why not become a member?

We encourage children and young people boys and girls from 8 years upwards to become members and take an active part in the club's programme of activities.

Please take a look at our programme as these change from term to term and it also provides times for each session

Our nightly admission fee is 30p per night and we are open from Monday through to Friday. Wednesday night is free for all club members

All our staff are Enhanced CRB checked (Disclosure Barring Service)

What's in it for me as a child/young person?

We will definitely give you

- **Access to new experiences and activities**
- **A new group of friends and contacts**
- **Social & Life skills to help your personal and professional development**
- **The opportunity to really contribute to your community**

Please contact us we will be in touch to invite you and a parent(s) to view the club, meet with one of our senior youth workers or club manager to find out more.

Please note – we do not provide members application forms online as we suggest that you visit us and come and see for yourself.
