

This is to certify that

Springfield Youth Club Girls in Action

has achieved Project Oracle's

Standard of Evidence level 1:

Theory of Change & Evaluation Plan

in November 2016

This means the project has provided a coherent and plausible description of the logic that lies behind it. This includes a description of the project activities, intended outcomes and aim, how these are connected and what assumptions are being made; therefore providing all the elements of a Theory of Change. The project has also planned how it will evaluate the effect it has on the outcomes described, and has a timeline for implementing this.

Professor Georgie Parry-Crooke, Project Oracle Chair of the Board

A handwritten signature in black ink that reads 'Georgie Parry-Crooke'.

Project Oracle is funded by

MAYOR OF LONDON
